Bottled Water Cooler

Crystal Mountain™

SUMMIT

Bottled Water Cooler

Elegantly constructed to compliment any décor, be it a salon, kitchen or executive boardroom, the Summit gives "Drinking with Style" a whole new meaning. Specially created Crystal Cloths™ and cleaning solution Crystal Brite™ are perfect for cleaning and shining these stainless steel models.

- The patented DryGuard™ system is standard with the Summit cooler. DryGuard™ gives you peace of mind - whatever the condition of the bottle, you can be confident water will stay in the reservoir. You know water will never end up on anyone's hardwood floor or plush boardroom carpet due to a faulty bottle.
- Available in Cook & Cold or Hot & Cold models
- High capacity cold water reservoir
- Optional hot water system
- External heater on hot tank=quiet hot tank
- Parts easily removable for sanitizing and service
- Custom molded rubber glides to protect floors
- Optional Extra Hot Electronic Thermostat system to provide consistent hot water temperature of 89 to 91°C
- Optional Point of Use Conversion Kit dual float system for leak resistant safety. Mechanical indicator system to advise the operator if the primary float fails.

Removable reservoir for ease of sanitization

High grade stainless steel

Hot water ON and OFF switch

Optional POU Kit

Features

- Faucet cover creates contemporary styling, offering customers push button handles and concealed faucets for hygiene
- Drip tray & faucet cover in metallic blue
- Brightly polished Stainless Steel cabinet with stainless steel faucet insert area for easy cleaning and maintenance
- Optional stainless steel bottle cover

SUMMIT

Bottled Water Cooler

Performance & Specifications

General

Pre-punched holes located on both sides of the cabinet used commonly by most cup dispensers

Cooler Cabinet

Argon welded #304 stainless steel
Deep drawn stainless faucet insert area for easy cleaning and maintenance

Faucet Type

Durable self closing FDA approved polypropylene material
On Hot and Cold models a "Child Safe" faucet comes standard on all Crystal Mountain products

No Spill System

The patented DryGuard™ system comes standard with all Summit coolers. Molded from polypropylene this system prevents water leaks from faulty bottles

Cold Water Tank Specifications

Injection molded from FDA approved high density polyethylene material which is dishwasher safe. Water volume capacity of the reservoir is 3.5L (0.9 gal). Reservoir is removable in less than 30 sec for ease of sanitization and cleaning

Cold Water Thermostat

Preset at factory to dispense water at temperature from 2-10°C (35.6-50°F)
Easily adjustable to meet most individual requirements

Hot Water Tank Specifications

Argon welded series #304 stainless steel casing
Hot tank water volume capacity of 1.8L (0.5 gal). The inlet and outlet tubes are constructed of #304 stainless steel. This important quality feature eliminates the possible risk of water leaks or rubber taste

Hot Water Thermostats & Heater

Auto control thermostat is preset at the factory. It maintains the water temperature between 75-92°C (167-197.6°F). In case of auto thermostat failure, the tank is protected by a safety reset thermostat
450W band type external heating element
ON/OFF switch is located at the back of the cabinet

Compressor Type

Hermetically sealed reciprocating compressor
Energy consumption of the compressor is 70-80 watts
Available in 220 or 110 volt (220~240VAC 50Hz) (110~115VAC 60Hz)

Refrigerant Type: R134a (CFC Free)

Refrigerant Charge: 28.4g (1.0 oz)

Dimensions & Freight Data

Product Dimensions

312mm deep x 305mm wide x 980mm high
(12.0" deep x 12.3" wide x 38.6" high)

Product Weight

H&C:16.5kg (36.5 lb) ; C&C:15.6kg (34.4 lb)

Product Boxed Dimensions

400mm deep x 375mm wide x 1055mm high
(15.8" deep x 14.8" wide x 41.5" high)

Product Boxed Weight

H&C:19.4kg (42.9 lb) ; C&C:18.5kg (40.8 lb)

20FT Container Quantity: 168 Units

40FT Container Quantity: 348 Units
